NOTES

The facility was issued a Violation Correction Form on 2/23/2025 as a result of a pest control complaint. The facility was required to get pest control and provide two "no activity" reports before the due date. As of 3/24/2026, the inspector has only received one report. The green placard/inspection result was removed, and a yellow placard/inspection report was posted. If requirements are not fulfilled on or before 4/6/2026, a RED placard may be posted, and the food permit will be temporarily suspended until the violation has been corrected.
